

Page -1

Company Overview

Our company builds AI systems for internal knowledge management and workflow automation.

The Knowledge Intelligence Platform helps employees search company documents and receive answers with supporting evidence.

The platform is designed to make internal information easier to discover, understand, and use.

Page 2

Leave Policy

Employees receive 30 days of annual leave each year.

Leave requests should normally be submitted through the internal HR system before the planned leave date.

Managers are responsible for reviewing leave requests and ensuring adequate team coverage.

Employees should inform their manager as early as possible when unexpected leave is required.

Security Policy

Company documents must remain confidential and should only be accessed by authorized employees.

Sensitive internal information must not be shared with unauthorized external parties.

Employees must use approved company systems when storing or processing confidential information.

Any suspected security incident should be reported to the appropriate security team immediately.
